WOODROW SCHOOL NUMBER ONE IS DECLARED EARTHQUAKE AND FIRE HAZARD BY AUTHORITIES

Decision At Public Meeting Is To Call Bond Issue For New Building

"Because of its type of structure the Woodrow Wilson School Number 1 is a serious earthquake hazard. Injury and death by fire lurk in its wooden corridors and ramps which are concentrated on the western side of the building with no emergency exits provided. For these reasons we condemn the building and declare it unsafe and unsound for precious school children."

This, in a nut shell, was the report of state building authorities upon a recent investigation of the 21-year-old Woodrow Wilson School Building. The local board of education immediately made application to the federal government for a rehabilitation loan. Estimates to remodel the building ran at sixty to one hundred per cent of the cost of a new structure. Furthermore a federal loan was refused for such work.

Tuesday evening of this week the board called a public meeting to discuss plans to eliminate the serious hazards which now exist. Because of the high cost of rehabilitating the old building and the probability of its results not being genuinely effective the plan of remodeling was discarded.

YOU CAN STILL WIN A ROLE IN FIESTA PAGEANT

New Schedule For Rehearsals Has Been Prepared For Various Groups

There's still room for more!

According to Lou Ashe, producer of the San Mateo County Floral Fiesta pageant, there is still an opportunity for anyone interested to win a role in the pageant, scheduled from September 21 to 25.

Singers, chorus members, dancers and men for all male support roles are wanted, Ashe said. Every one in the pageant will be given a season pass to the Fiesta. Persons interested may attend rehearsals and enroll there or get application blanks at Fiesta headquarters, 116 B street, San Mateo.

A new schedule for rehearsals has been prepared by Ashe. Chorus and dramatic groups will meet Monday, Wednesday and Friday nights; instrumentalists, sailors and prisoners will drill Tuesdays and Thursdays, and fencers will rehearse Tuesday, Wednesday and Thursday nights. All drills are at Central School, San Mateo, at 7:30 p. m.

Mrs. F. M. Perkins, Redwood City, president of San Mateo County Federation of Womens Clubs, will supervise the domestic science division of the Fiesta and has prepared cash awards for best displays of canned foods, preserves, fruits, meats, jams, jellies and other delicacies.

Fiesta bumper strips are now available along with window placards. These may be secured from Fiesta headquarters, 116 B street, San Mateo, or from chambers of commerce.

Highlights of the Fiesta will be the rodeo events, scheduled the last three days of the Fiesta. Many top notch riders will come here for these events.

LOCAL CHILDREN SHOW SWIMMING FUNDAMENTALS

Crocker And Woodrow Wilson P. T. A. Give More Than Hundred Awards

Daly City Grammar School boys and girls gave what many spectators called a surprisingly fine swimming exhibition, Saturday afternoon of last week, at the new high school pool. Children who had never swum before they joined the Daly City Record Swimming Club in June successfully demonstrated many fundamentals and nearly every one of them swam the entire width of the plunge.

Several boys and girls have developed excellent form in the past ten weeks and entered in competitive events. Barbara Bleacher, Alice Godfrey, Barbara Trkola and Nadine Bledsoe took the first four places in the cross pool kicking event. Alice Godfrey, Betty Roots, Nadine Bledsoe and Barbara Trkola won the girls distance swimming contests.

Bernard Janssen, Don Laston, Leroy Passafiume, Bernard Janssen, Don Laston and Guy Coon also took first positions in the distance races.

GIVE AWARDS

The Crocker and Woodrow Wilson P. T. A. awarded more than 100 swimming insignias to local boys and girls. No child who entered the exhibition failed to successfully demonstrate swimming fundamentals and win his award. "The fact that all these boys and girls learned how to swim this summer makes us very happy to have participated in the swimming program," declared Mrs. V. Davidson, president of the Crocker P. T. A.

In the absence of Mrs. L. Laston, president of the Woodrow Wilson P. T. A., Mrs. L. M. Hill officiated in making the awards. Said Mrs. Hill in summing up the attitude of her organization: "To think that a life may be saved by the capabilities which have been here demonstrated makes us truly proud that our children have the advantages of this fine pool and that we were able to participate in a swimming program this summer."

Other P. T. A. members who officiated in making the awards were Mrs. Linden, Mrs. L. Thomey, Mrs. E. Sorg, Mrs. J. C. Kinsey, Mrs. A. Eason, Mrs. M. Boyle, Mrs. V. Polka and Mrs. S. J. Cosgrave.

MULTIPLE NEW FEATURE SHOW AT STATE FAIR

Governor Proclaims Week As One Of Vacation And Festivities

The eighty-fourth annual ten day fiesta has been proclaimed "California State Fair and Exposition Period" by Governor Frank F. Merriam, who cordially invites Californians and Westerners to set aside the days of September 2 through 11 for their vacation and visit the exposition.

The governor emphasized that, "The California State Fair and Exposition is a great agricultural and industrial exposition, which serves as a dramatic symbol of the continued progress and achievement of the six million people in California."

Presenting a cross section of agriculture, livestock, industry, education and entertainment, all past attendance records are expected to be shattered during the ten day showing.

Among attractions of the 1938 State Fair are: New lighting displays; redesigned county exhibits; the finest fruit and crops in the world; livestock from a dozen states and forengn countries; a farm machinery show valued at $3,000,000; an educational display representing all California; horse racing for $50,000 in purses; the premier Horse Show of California; an outdoor night revue produced at a cost of $35,000 and the noted State Fair fireworks display.

These features, combining with a $1,000,000 new major building and permanent improvement program, special days and a match pony express race from Carson City, Nev., to the fair, will make the California State Fair the mecca of hundreds of thousands this year.

Friends, Yes; Romance, No Go

Count Court Haugwitz-Reventlow, passing through Vienna, recently, on his way to a partridge shooting trip in Hungary, brought forth a telegram from his estranged wife, the former Barbara Hutton. It was signed "much love," Barbara. The count sadly explained it merely meant they were still good friends.

There was "no intention on either side" of trying to patch up their wrecked romance and he and his wife were taking "all steps" to obtain a divorce.

COUNTY HEALTH PROBE

Charging that "you should save lives before you save trees," John M. Reynolds, president of the International Workers Order No. 800 of Redwood City, Tuesday of this week, demanded a federal investigation of San Mateo's county health department.

STATE TEACHERS BACKING DEXTER FOR HIGH OFFICE

Public Schools Week Chairman Lauds State Superintendent Of Public Instruction

An appeal to retain Dr. Walter F. Dexter as State Superintendent of Public Instruction has been issued by Charles Albert Adams, former member of the State Board of Education and for seventeen years state chairman for the annual observance of public schools week.

In his statement Adams said:

"Walter F. Dexter, State Superintendent of Public Instruction, former school teacher and for ten years president of Whittier College, is a candidate to succeed himself as state superintendent.

"Dr. Dexter, one of the West's educational leaders, has been ably filling this office for the past two years. His broad interest in public affairs, aside from the educational

field, was recognized when he was elected president of Lions International at their recent world convention in Oakland.

"The State Superintendent of Public Instruction is a non-partisan office, in which politics has no place. Teachers, administrators, parents and the public generally expect sound, constructive and experienced educational leadership in their state superintendent. Dr. Dexter, during his incumbency, has demonstrated these qualities to a high degree.

"More in these disturbed times than ever before the preservation of democracy depends upon the kind of education which the state makes available through its schools. The welfare of the schools demands trained leadership.

"The election of Walter F. Dexter will guarantee a continuance of California's high educational standards."

DO NOT FEEL TOO SECURE

Six months—3670 lives saved. That is the traffic record of the United States up to July 1 of this year. The managing director of the National Safety Council warns all workers for traffic safety against too much complacency over the improved record.

He says: "Safety men and women are only human. It is human nature to sort of relax when you are out in front. Not that we are out in front in this traffic accident situation. Far from it. But we are able to point with joy at the figures and say, 'The traffic deaths are coming down.' Hard work and sustained, intelligent attack on the traffic accident problem are bringing results. Luck enters it too, but all the luck in the world is not going to bring down those figures if we do not continue to wage a bitter, unceasing war on carelessness and recklessness, and the other factors that contribute to accidents."

September will be a heavy traffic month with two extra holiday week ends. In San Mateo County we have maintained splendid records during like periods of heavy travel. Engineering, traffic regulations and law enforcement are constantly improving. The driver must do his part and forbear taking the chance that may take a life.—San Mateo County Traffic Safety Commission.

BOYS AND GIRLS BACK TO SCHOOL FOR FALL TERM

Superintendent Crane Reports Opening With Large Enrollment Of Students

Twelve hundred and ninety-four school children and forty-two enthusiastic teachers returned to their classrooms this week for the opening of the fall semester in the Daly City Elementary Schools. Superintendent Crane reports that work has been going on all summer whereby students and teachers have returned to spic and span classrooms, which were a delight to all.

Due to the careful planning of Superintendent Crane, his principals and teachers, actual classroom programs began immediately. New students from out of the state, county and city enrolled in large numbers. A successful and happy term is the wish of parents who welcomed the opening of another school term.

Californian Was Honored In Orient

The navy cross for bravery was awarded, this week, at Shanghai to Reginald Peterson, 27 year old sailor of 1918 Chestnut street, Berkeley.

Peterson was a crewman of the United States gunboat Panay, bombed December 12, 1937. He manned a machine gun during the bombing, displaying courage under fire.

DO YOU KNOW ANY MORE GOOD MONEY JOKES

"Lost Funds" Brought to Light At County Seat By Officials At "Convenient" Time

Beginning Tuesday of this week the County Board of Supervisors began to "discover" sums of money which heretofore were unknown, and now, behold, we are to find our county taxes a few mills lower (maybe).

It seems that some of our daily newspaper contemporaries, published down the county, can't quite make up their minds just which way the county tax levy winds will finally blow—"up or down."

We predict that, AFTER the primary election of next Tuesday, the tentative reduction will "blow up."

With great acclaim two of the county dailies, both published by one corporation, give credit to the present county executive (who was appointed by the County Board of Supervisors) for an alleged "tentative" reduction, in order to save that official from defeat at the hands of the people at the Tuesday primary election.

By these frantic efforts of these two dailies and the members of the County Board of Supervisors (who are supporting their appointive official to a man) our county has again been held up to ridicule, as witnessed by the following from the San Francisco News of August 24:

"San Mateo's Board of Supervisors today was to pass on a proposed 1c cut in the county tax rate submitted last night by County Executive Ernest Rolison.

"The revised rate will be $1.13 per $100 assessed value. Earlier estimates had placed the tax rate at $1.24.

"Coming before next Tuesday's elections, his supporters hoped the lowered tax figure would boost Mr. Rolison in his battle to retain his post against Frederick Peterson."

Maybe we will find, as the News suggests, that these "discoveries"

VETERANS ARE IN SUPPORT OF TOP SERGEANT

Former Buddies Endorse Candidacy Of Earl Warren For Attorney General

Earl Warren is daily gaining new support from war veterans, according to Al Boss, past commander of Three hundred sixty-third Infantry Post No. 408, American Legion, and for fifteen years a secretary California sector, Ninety-first Division.

"In the course of the past three weeks," continued Boss, "I have discussed Warren's candidacy with a large number of veterans and, almost to a man, every one voiced enthusiastic support of his candidacy.

"I have found veterans happy to unite their forces behind a man who in civil life exemplifies the ideals for which they fought. The veterans of all wars are proud to join in support of a candidate of Earl Warren's sterling qualities.

"Men who soldiered with Earl Warren in the three hundred sixty-third infantry are now volunteering their aid in behalf of his candidacy. He was top sergeant of his company, and when the private soldiers of a company give their approval to a top sergeant he has to be right.

"We feel that as attorney general, Earl Warren will conduct his office to the best interest of all people, that he will be thorough, humane and efficient, and that he will safeguard the rights and the interests of the men who fought for their country in the hour of need."

set the price of a new one-story eight-room structure at approximately $50,000 to $60,000. Such a building would be entirely earthquake proof, would present no fire hazard and would give the utmost in protection to school children. The Jefferson School District now has three such one-story buildings: the Crocker, Woodrow Wilson Number 2 and the Jefferson. These three schools were built by a bond issue and federal grant less than four years ago. They are the last word in modern convenience and safety.

A motion was unanimously passed at the Tuesday evening meeting recommending that the school board call a bond election to construct a new one-story building. Mr. Roller reported that if the district would make available its portion of construction costs before September 30 there is a possibility that a federal grant may be had.

Action is being rushed in order to get necessary preparations in order to apply for a federal grant before the end of next month. September 19 has been tentatively set as a bond election date.

IN THE YEAR

1936

The voters elected the present Board of Supervisors to bring the county out of Chaos and POLITICAL BUFFOONERY. San Mateo County is now well on the road to efficient and economical government.

MUCH HAS BEEN ACCOMPLISHED, much is to be accomplished in the next few years.

ERNEST A. ROLISON, the present County Executive, has co-operated with the present Board . . . . eliminated selfish political bickering — taken the county out of screaming newspaper headlines which made our County the laughing stock of the State.

PEACE AND QUIET in county government, efficiency and economy will be the boast of every citizen—IF YOU, as a voter, take the opportunity August 30 to BACK UP your Supervisors and your county manager, Mr. Rolison.

A ROLISON VOTE IS A MANDATE THAT THIS COUNTY SHALL NOT BE RETURNED TO THE POLITICAL INTERESTS WHICH THE VOTERS SO OVERWHELMINGLY OVERTHREW JUST TWO YEARS AGO.

CARAVAN FROM SOUTH LISTED TO VISIT DALY CITY

Five Floats And Two Maintenance Vehicles To Pass Through Here On September 14

WALTER LEE

Walter Lee, grand chef de gare passe of the 40 & 8, who will head the Mississippi Legion caravan on its 5750 mile journey from Jackson to the national parade in Los Angeles, visiting Daly City on September 14, has announced that in addition to the expensive array of floats which will make up the state flotilla, a caravan of five 40 & 8 locomotives, manned by a crew of uniformed Legionnaires, will make the trip to the West Coast, leaving about a week prior to the Los Angeles parade of September 22.

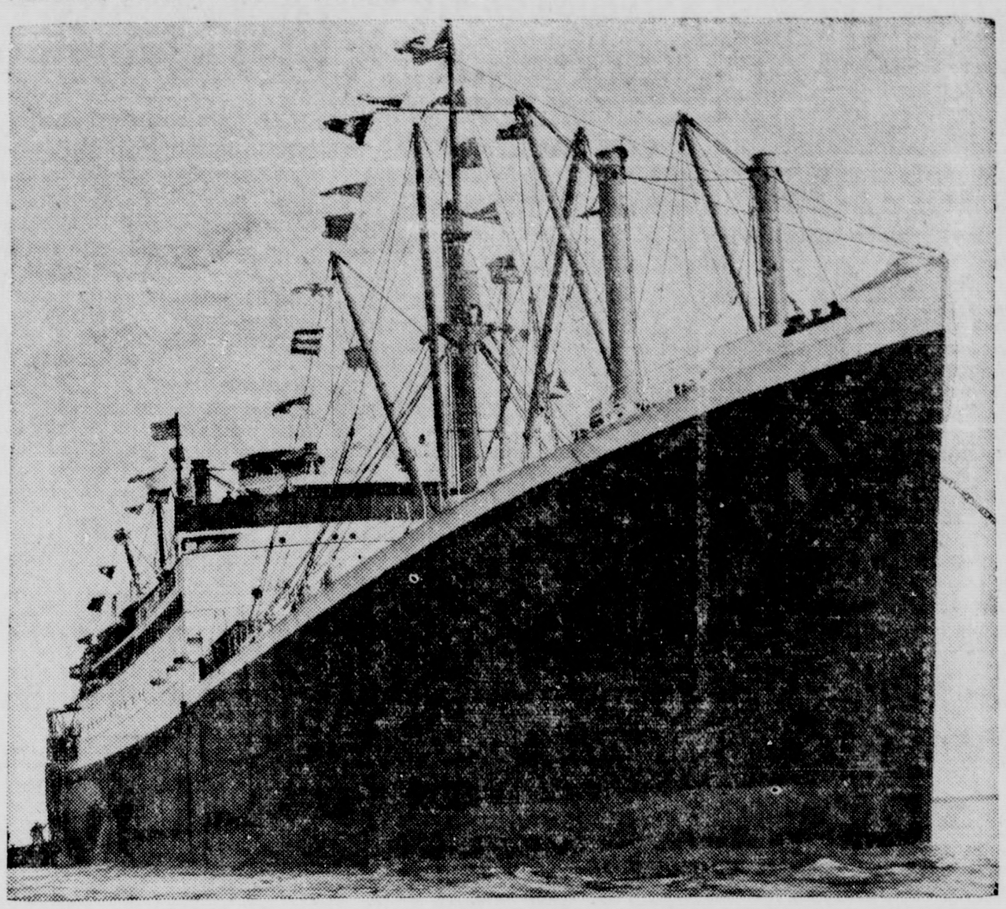
Annie Laurie Bishop, the scintillating Tupelo drum major, who at the New York parade last year attracted such widespread attention, has been selected for the second consecutive year to be lead drum major of the Mississippi marching units and will thus head the first band of the parade.

Bobbie Vaughan, beautiful blonde drum major of Magnolia, winner of the national high school championship in drum-majoring at the Louisvlile, Ky., contests last spring, has been selected to lead the second band in the national parade.

The Legion caravan, comprising five immense floats and two maintenance vehicles, left Jackson on August 21.

The caravan is accompanied by Miss Elaine Russell of Vicksburg, whose brunette beauty brought her the national title of "Miss American Legion." She will act as personal representative of Governor Hugh White, extending his greetings to high Legion dignitaries and governors of states included in the itinerary.

INTERCOASTAL LINERS RETURN TO PACIFIC PORTS



Ending a four months "famine" in intercoastal fast passenger service, the Panama-Pacific's steamer, City of Los Angeles, nosed through the Golden Gate under command of Captain Harold R. McCaw. Mayor Angelo J. Rossi and other civic dignitaries were on hand at the pier to welcome the steamer, which represents resumption of intercoastal shipping. Aboard the vessel were an outstanding list of eighty-five passengers and a heavy cargo of general merchandise. Photo shows the City of Los Angeles, first of a fleet of five sister ships, which will be on the New York-San Francisco run.

Street Cleaner Sets Good Example

For many years Miss C of Boston had walked back and forth between her house and he orffice, and on her way she passed several street cleaners. One of these men particularly attracted her attention because he took so much pains with his work, and kept his section in such good shape. Appreciating his earnest, conscientious efforts with his humble work, she fell into the habit of watching for him and saying "Good morning" to him.

Then for some time he did not appear, and she wondered about him each day as she passed his section. When he finally returned, she stopped and told him how much she had missed seeing him each day.

"You really missed me, lady? You noticed that I wasn't here?" he said, in a rather awed tone.

"Yes, indeed, I did. Your great care and effort in doing work that most people slide carelessly has often been an inspiration to me to do better work."

Then the man came forward and asked her if she'd mind shaking hands with him, as he had never thought anyone noticed the great pains he took with his work, and she had encouraged him.

She shook hands with him, and then walked on. At the corner, a college professor caught up with her and asked why she had shaken hands with the man. She told him the story; then he said, "I too have noticed this man's work, and tomorrow I shall ask him to shake hands with me. I feel it is a privilege to know anyone who is such a good workman."

Thus does patient and careful effort spread its light, not only back to the worker, but on and on, we know not how far.—Christian Science Monitor.

AUXILIARY MEET AT SAN MATEO

The Twenty-sixth District of the American Legion Auxiliary met recently in San Mateo. At this meeting Mrs. Mary Hayes of Redwood City was elected president, Mrs. Bessie Wood of Burlingame, first vice president, and Mrs. Helen Madden of San Bruno, second vice president. Other officers to serve will be appointed by Mrs. Hayes before the next meeting to be held in October.

Mrs. L. N. Zant, the retiring president, was presented with a piece of luggage from the district in appreciation of her efforts the past year.

The Eighth District of San Francisco challenged the Twenty-sixth District to a membership race, early in the year. Inasmuch as San Mateo was the winner the Eighth District is entertaining the Twenty-sixth on the evening of August 29 at the installation of the Three hundred and sixty-third Infantry Auxiliary. Mrs. Helen Pilhashy is a member of this auxiliary and is membership chairman in charge of the evening. All members of the district are invited.

Mrs. Beatrice Camgros, drill team chairman, was presented with a gift on behalf of the team.

Commander Lee Williams of the American Legion congratulated the group on the work done the past year and the co-operation he received from the Auxiliary with the shows at the Veterans Facility in Palo Alto.

The incoming presidents of the new units were introduced by the retiring presidents.

Mrs. Zant was elected a delegate to the national convention to be held in Los Angeles in September. Mrs. Hayes is an alternate.

Mrs Zant advised that all reservations for district and national dinners, luncheons, etc., to be held during the convention, should be made through the district president.

MOTORISTS TOUR ENTIRE COUNTRY

Mrs. Alta Anderson and son James, formerly of Daly City, but now residents of Bayshore City, returned, recently, from a motor trip of the entire United States.

Accompanying them on their trip was Max Landuyt of San Francisco. While in the east they visited New York City and made an extensive tour of the New England states.

They also visited Washington, D. C., including a trip to the White House and various points of interest in that city.

An interesting experience on the return trip was a visit and tour of the Cascade Caves at Grayson, Kentucky.

Mrs. Margaret Willard, with whom they visited in Lyndhurst, New Jersey, returned with them for a month stay.

SAN MATEO MEN BACK CORBETT

Paying tribute to the service of John C. Corbett, this district's representative on the State Board of Equalization for many years, prominent San Mateo County men and women today are actively supporting Corbett's campaign for re-election.

Speaking on behalf of county supporters, City Councilman David McCullough, San Mateo, prominent Legion man, said: "Mr. Corbett's conscientious handling of State Board of Equalization affairs, and his loyalty to this community certainly entitle him to the continued confidence and support of our voters. He has devoted his entire time to the protection of our interests.

"His administration of the various state tax acts, especially the sales tax, has been reflected here many times. His careful attention to these administrative duties has made large sums available for our schools, and we have received back from the state for our schools thousands of dollars more than we have paid in sales tax.

"In agricultural areas Mr. Corbett has wide support for his work on behalf of the farmer, chief of which was the removal of sales tax from fertilizer, a principal commodity to the farming industry. Then, in addition, his long experience and proven ability in this important post make him an outstanding representative of our interests.

"I have noted the many endorsements and wide voluntary support accorded Mr. Corbett. These are strong indications of the confidence his district places in him. What other candidate can offer anything like the qualifications Mr. Corbett offers? We need men in public office, especially those having to do with tax matters, who are as considerate and loyal to our interests as Mr. Corbett has been. I strongly urge his retention in office."

Begin To Build At The Bottom

You can build no tomorrow without today's foundation. If you were charged with the responsibility of selecting a treasurer for an organization handling $5,000,000 annually, you would be interested in qualifications, training, experience and executive ability.

Through the right of franchise and your duty to vote, you have such a responsibility. The government of San Mateo County is such a business.

The incumbent, Al Sageborn, who has made the business of finance his life vocation, does not only have the necessary foundation, but the practical knowledge through years of experience in the banking field. This has been demonstrated in the three years he has served the county by the discharge of his duties in an efficient and competent manner. In private business you would not displace a successful man of proven ability. Efficiency in government calls for business principles.

Seawell Support Gaining Strength

Senator Jerrold L. Seawell of Roseville, candidate for lieutenant governor at the August 30 primary, whose name appears on the Republican, Democratic and Progressive Ballot, must secure the Republican nomination to qualify him for the November General Election—owing to the fact there is such a large number of candidates for the office of lieutenant governor, Senator Seawell urges you and all other Californians to check with your local Assemblyman and Senator, to determine which candidate is the best qualified by experience and ability to preside over the Senate of California and fulfill the duties of lieutenant governor during the next four years, when an unprecedented number of vital issues must be decided.

Born in California, educated in our public schools, Senator Seawell is thoroughly conversant with our educational problems. His legislative record to improve the state's public school system is outstanding. He served as a member of the Board of Education before becoming a member of the State Assembly and Senate and has always championed the right of every child to receive a thorough education under competent supervision.

He has sponsored and supported at all times, legislation designed to aid the working man and woman of California, and the right of every individual to be gainfully employed without having to pay tribute to subversive influences that are designed to destroy the American principle of fair deal between employe and employer. Senator Seawell is determined that Communism shall not obtain a foothold in California government.

David Evans, former mayor of Cardigan, Wales, arrested for theft, said he stole to get money for a woman who had blackmailed him for twenty years.

To insure your happiness, to protect your lives and property, to economize with public money, and to give sound county management, you who want experienced public officials will appreciate my qualifications.

You will find that strictly on my record as a public official I have earned your support and vote.

To take care of your interests, what you want are officials of proven ability and not vague promises. TROOP NO. 141

Meets Thursdays 7 to 9 p. m. at Nazarene Church, Vista and Santa Barbara

CUB PACK NO. 141

Members of our troop have been doing quite a bit of hiking during the past few weeks. Among those to make fourteen mile over night trips on foot were Scouts Richard Worthington, Elden Przbarowski, Richard King and John Mosman. These trips were to the vicinity of Salada Beach, with the nights being spent in Cypress Grove. On one of the trips the boys visited Troop No. 28 of Sharp Park, which is a newly organized unit of the San Mateo County Council. Some of our Scouts and a leader plan to go down to their next public Court of Honor and contribute something in the way of entertainment.

Our year's program of activity is getting pretty well shaped out as to planning and will come up for consideration at an early meeting.

Scouts Glenn Goode and Edward McIntosh are making the rounds of the Troop Review Board—Glenn for Star and Mack for First Class Rank. They have passed the Tenderfoot Review with a perfect score and now will have to measure up when they go to the Second Class and First Class review board members. It is a requirement in our troop that when a Scout goes up for advancement to a higher rank, he must satisfactorily review all ranks through which he passed.

Our next meeting, which is tonight, will be held at Hungry Hollow and will convene at 6 o'clock for the purpose of devouring a consignment of hot dogs and other eatables. Following the repast, games and a general outdoor meeting will be held.

CUBS HAVE ENJOYABLE TIME

Our Cubmaster has been very generous with Soy Bean (his flivver) for the past few weeks. Our whole gang has enjoyed a day at the beach each Monday for the past month.

Regular Den meetings will start again next Monday and a number of new members will be on hand to start Cubbing with us.

NEW THEME FOR COMING TERM

The Woodrow Wilson P. T. A. has chosen for the theme for the coming term "Security for the child based upon adult responsibility." The president, Mrs. Louise Laston, has worked out an interesting program for the year.

Mrs. M. Linden, Mrs. E. Sorg and Mrs. L. Thomey assisted Mrs. Grace Hill in making the swimming awards for presentation at the High School swimming pool last Saturday afternoon. The P. T. A. members were happy to make these awards because they feel that this is one of the things that goes to making strong bodies and active minds in the lives of the children.

There will be a regular monthly whist the second Thursday evening of each month at Linhares Social Hall, 176 Los Banos avenue, the first one to be held on September 8, at 8:30 p. m.

There will be an afternoon whist at the home of Mrs. Pearl Jones, 368 Vista Grande avenue, on Wednesday afternoon, August 31, at 2 o'clock. Lovely prizes, cards and refreshments.

SAY CORBETT SURE WINNER

It is claimed John C. Corbett, candidate to succeed himself on the State Board of Equalization, is a pronounced favorite to win the approval of the voters of the First District next Tuesday, August 30.

Corbett is declared by students of politics to have entrenched himself with the Republicans, Democrats and Progressives as no other officer has ever been able to do. These political leaders point out that throughout his years of service on the board, Corbett has played fair with all political groups. He has appointed Republicans, Democrats, Progressives and persons of no party affiliation impartially. As a result of this distribution of patronage, Corbett's official family is not only the most efficient, but at the same time the most loyal to be found in the state of California.

The roster of Corbett's official family shows the names of more ex-service men and more members of the veteran auxiliaries than any other department roster in the state aside from the purely veteran bureaus.

In addition to the vast number of individuals backing Corbett, David F. Supple, campaign manager for Corbett, calls attention to the group endorsements as follows:

San Francisco Independent Grocers Protective Association, Columbus Civic League, Lafayette Club, Czechoslovak Democratic Club, Republican County Central Committee, Independent Democrat Club, Young Mens Council, Divisadero Merchants and Improvement Association, San Francisco Lodge of Chinese American Citizens Alliance, Hellenic American Business Club (through George Kuimelis, president), San Francisco Building Trades Council, Lawyers Tax Group (through Harry A. Encell), Produce District Group of Retail Fruit Dealers (through George DeMartini), and Assembly district organizations, composed of men and women and groups composed exclusively of women, which, for the lack of space, cannot be summarized.

"If the newspapers—that have been so good to us in this campaign—would give us a whole page, we could not publish the names of all those worthy citizens who are sponsoring John C. Corbett's election," said Supple.

"Many of the newspapers of the district have endorsed Mr. Corbett for re-election, and we are very proud of this, because the editors are deep-thinking individuals and they usually weigh all sides when choosing a man for public office," added Supple.

Asked if he had any last minute statement to the voters, Corbett said: "I will appreciate every vote I get. I thank my friends and supporters for the interest they have shown in my candidacy.

"Throughout the years that I have served on the Board of Equalization, it has been my constant aim to adhere steadfastly to the principle that faithful tax administration requires absolute equality of treatment to every one.

"A square deal for all taxpayers has been my policy and so long as I serve on the Board of Equalization my greatest effort will be to protect the taxpayers, regardless of the taxpayer's position in life.

"The voters have approved my policies in the past. I ask them to vote for me Tuesday, August 30, on my record in office—a record that has been for their protection.

"I appreciate the honors the voters have bestowed on me in the past and I trust they still think I am worthy of those honors and will support my candidacy next Tuesday," concluded Corbett.—Adv.

ALCAZAR WILL SHOW NEW PLAY COMING WEEK

Sidney Howard, brilliant playwright, was impressed with a few beautiful lines he found in Keats "Ode To A Nightingale" and as a result the powerful drama "Alien Corn," which opened at the Alcazar in San Francisco, Monday night, was written.

"Through the sad heart of Ruth, when, sick for home, she stood in tears amid the alien corn."

Mr. Howard has placed his Ruth as a teacher of music in a girls college in a mid-western state. She, with her father, are in a strange land longing to be back in her home to follow up a career in music, but are exiled by war. The personnel of the immediate group in which she finds herself is the faculty of the school. Love lets fly a dart that involves the affairs of Elsa, a professor and the president of the college. Torn between a decision regarding marriage or career, drama steps in and the outcome is as stirring and exciting a situation as can be packed into a stage play.

"Alien Corn" closes Friday night, September 2 to make way for the Dramatists Guild-Federal Theaters prize winning play "See How They Run," by Dr. George Milton Savage of the University of Washington.

SUGGESTIONS TO HIGH STUDENTS

The problem of the high school graduate, faced with difficulties in continuing his education, is discussed in a pamphlet sent by the University of Wisconsin extension division to the 28,000 Wisconsin youths who finished high school this spring. Suggestions are made whereby college credit subjects may be taken at home in advance of college entrance, or courses of a vocational type completed through home study.

"One of the opportunities open to the high school graduate," it is pointed out, "is the privilege of continuing his education at home, under the direction of a University instructor. Such a privilege is the immediate solution of the problem of the student who is unable to go away to school."

Freshman English, required of college freshmen everywhere, is referred to as a typical subject that may be completed at home before entrance in college or university. A full semester's program of freshman work also is outlined for correspondence study. Subjects making up such a program, in addition to English, include mathemaitcs, science, history and drawing.

Foreign language requirements also can be partially satisfied through extension work. Extension courses provide instruction in French, German, Greek, Italian, Latin, Norwegian, and Spanish.

The extension publication lists many courses that may be taken for business and technical training without degree credit in view. Among these are two courses in business correspondence, recently revised. The purpose of these is to provide training in writing effective business letters.

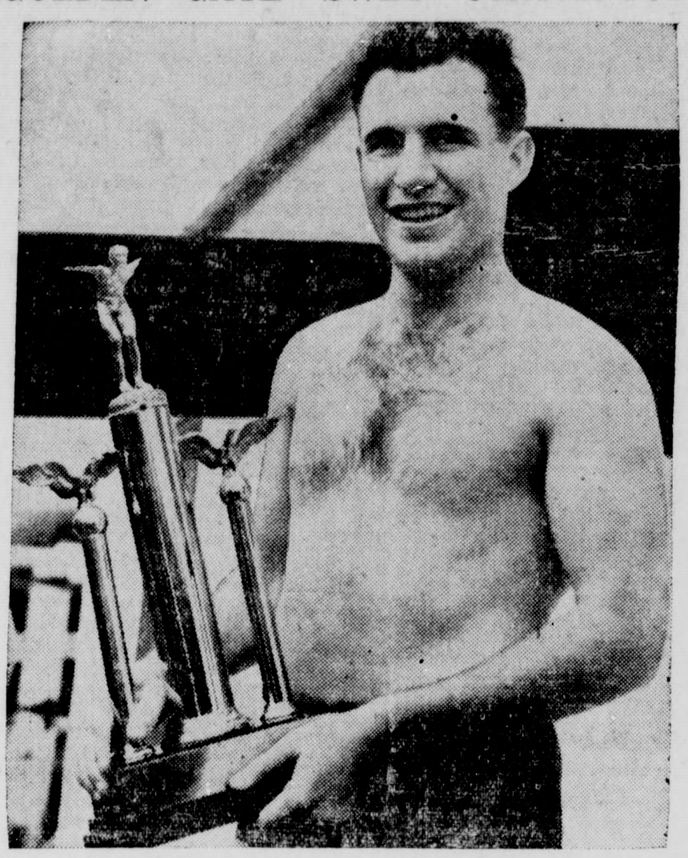
GOLDEN GATE SWIM CHAMPION



Jack Reynolds, 20, winner of the twenty-first annual Golden Gate swim, is pictured as he received the trophy after he repeated his victory of last year. His time for swimming the treacherous currents in the Golden Gate was 28:19 minutes. Four of the 29 starters were fished out of the water by Coast Guard cutters and one, Dino Landucci, was rushed to shore for medical attention. Reynold's closest competitor finished six minutes after him. The winning time was considered good because the water was rough.

PLAY "COOTIE"

At the last meeting of Court St. Mary No. 155, Catholic Daughters of America, a number of applications for membership were received and plans are being made for a large initiation to be held in the near future. A swimming party was also discussed, the date to be set at the next meeting.

IDAHO CITIZENS SEEK SOLUTION FOR PHENOMENA

Puzzled Over Return Of Water In Lost River After Fourteen Year Absence

Residents of east central Idaho have been puzzled this season by the return of Lost River after its waters had been absent for 14 years. In 1924 the stream disappeared into an underground channel, vitally affecting the economic and agricultural status of the Lost River country.

When the first settlers came here in pioneer days, the Lost River area was lush with verdant range grass which induced the building of a large cattle industry. Crops also thrived to fill the barns on prosperous farms.

In later periods came those strange geologic quirks which gave the river its name. The waters disappeared into the lava desert. The stream was believed to flow underground for more than 100 miles to emerge as the famous Thousand Springs from the north wall of Snake River canyon in Hagerman Valley, far to the west of here.

When the main river disappeared in 1924, conjectures arose as to what might be going on underground. One theory was that subterranean slides or other earth movements had created new crevices or caverns to absorb the waters from Lost River.

Other conjectures include the possibility of a huge subterranean lake which now has become full of water, causing its rise to the surface; sifting of great quantities of dirt during the 14 year drought until underground passages have filled up, and finally the abnormal supply of snowfall on the mountain watersheds during the last two winters.

Flood damage in the national forests of California during March 1938 has been estimated at $1,700,000. Floods in December 1937 did $600,000 damage in the national forests of northern California.

Truck drivers at the Hawkins Bar CCC camp, Trinity National Forest, recently completed one year of driving over 72,000 miles of mountain roads without an accident.

will eventually turn out to be only before election propaganda, so there is really nothing to get excited about.

Why all this "hullabaloo" at this particular time (just a few days before election) we are at a loss to understand. Unless, perhaps, it might be that the "powers that be" think that method will perpetuate their candidate in office and add to the votes he may get—and in that way seek to defeat **a really competent man who is seeking the important office of county executive via the elective route—thus giving the PEOPLE, themselves, the opportunity to express their opinions at the ballot box.**

No doubt the "discoveries" will be added to day by day until after next Tuesday's election and will then suddenly cease and expire from ennui.

Four weeks ago it was predicted by a member of the Board of Supervisors that the county tax rate would be raised from last year's figure of $1.14½, and that this year's levy would reach $1.22½.

Too Soft Hearted For Bomb Vocation

Sheriff Lyle of San Jose received a 300 word signed confession, Tuesday of this week, from Lorenzo Cerruti, 50 year old Milpitas ranch worker, in which he related in complete detail his actions last week, both before and after his bombing of the Mountain View branch of the Bank of America.

In a portion of his confession, Cerruti tells how he kept a watch on the door of the bank, where he had placed the bomb, so he could "keep anyone from getting hurt" before it exploded.

HAPPY-GO-LUCKY

Fred MacMurray and Harriet Hilliard, who will be seen next Sunday, Monday and Tuesday at the Daly City Theater in "Cocoanut Grove," Paramount's new comedy of barnstorming swing musicians.

SWING TUNES PLUS TALENT BRIGHTEN FILM

A score of well known entertainers including Harriet Hilliard, Ben Blue, the Yacht Club Boys, Rufe Davis and Harry Owens and his Royal Hawaiian Orchestra are in the supporting cast of the new Fred MacMurray film, "Cocoanut Grove," which will come on Sunday to the Daly City Theater.

The plot of the new comedy is a slightly screwy, but all the same, true story of how swing bands originate. MacMurray is seen as a barnstorming young bandleader, whose aptitude for punching bosses in the nose, leaves him constantly without a job. To save the band, who are hungry for fame, hungry for love, but most of the time just plain hungry, from breaking up because of lack of work, he tells them he has arranged for an audition at the Cocoanut Grove. However, it is only when one of his swingsters wins a trailer in a contest that he is able to start his crew across the continent on their way to the famed night spot.

Arriving in California, after various hilarious trials and tribulations, MacMurray secures the audition, only to have the job given to a rival because of an error. However, due to the efforts of Rufe Davis, the Kansas hill-billy, he is able to rectify the mistake at the last moment, and the band opens in a blaze of glory at the Grove.

Miss Hilliard is seen as the girl vocalist with the band, playing the same part in the picture that she does in real life. Off screen she is the wife of orchestra leader Ozzie Nelson, and sings with his band. Harry Owens, the composer of last year's "Sweet Leilani" not only appears in the picture, but has written two of the four hit songs of the new picture, "Cocoanut Grove" and "Dreamy Hawaiian Moon."
